ABOUT APSR

About the TSPCCM

The Taiwan Society of Pulmonary and Critical Care Medicine (TSPCCM), first initiated in 1969, is a non-profit organization with various access not only to the latest medicine-applied technology, but also to the practical clinic case studies.

TSPCCM values both theoretical and practical approaches, and aims to gather specialists worldwide and exchange professional opinions to elevate the level of treatment, study and research of pulmonary and critical care medicine. TSPCCM has boarded with the trend of the world as a member in APSR and would like to further share with the world what TSPCCM can offer.

About the APSR

The Asian Pacific Society of Respiriology was established in 1986. It is a high respected society within the Respiriology field due to its dedication to advance and promote of knowledge of the respiratory system in health and diseases. It strives to encourage research, improve clinical practice through teaching, increase awareness of health problems in the area and promote the exchange of knowledge among respirologists in the region.

The Society specific aims to promoting and coordinating activities in the field of respiratory medicine, fostering research activities in the field of respiratory medicine, organizing and coordinating regular congresses and occasional meetings, producing regular publications, including a Newsletter, the APSR Respiratory Updates and Respiriology, a journal of international repute.

THE VENUE

Taipei International Convention Center (TICC)

The TICC is a spectacular tribute to the emergence of Taipei as a world-class business destination. Sitting at the center of Taipei city set amongst restaurants and a vibrant public domain, TICC is also easily to be reached from the international airport by public transportation such as Mass Rapid Transit (MRT) within walking distance.

The Scientific Program will take place from 2nd to 4th floor of TICC while exhibition with coffee breaks will be housed on the 1st floor.

WHY APSR 2018?

1. Maximum exposure at a premier meeting devoted to the respiratory science health industry including but not limited to asthma, critical care, COPD, interstitial lung disease, lung cancer, paediatric lung diseases, pulmonary circulation and etc.
2. Direct contact with the most influential figures in the field of Respiratory Science.
3. A Face-to-Face opportunity to build connection with old clients and discovery of new ones.
4. Great platform to market your product, increase brand awareness and social connect.
5. Extend even deeper scope in the heart of Asia Pacific regions.
6. Opportunity to network with colleagues, renew old friendship and foster new relationships.
7. Meet decision makers and gain instant market feedback.
